

 **Saeco**

**Your coffee has
never been
so *smart*.**

PRO.*UP*

SIMPLY FOR YOUR TASTE

Use Pro.Up to manage your credit and dispensing of your favourite beverages directly from your smartphone.

The future of the coffee break is already here: you can use your Bluetooth connection to connect to the coffee machine using the Pro.Up mobile app.

With Pro.Up you can manage the dispensing of your favourite beverage directly from your smartphone, for an entirely touchless experience.

Download the app quickly and simply onto your smartphone, from App Store® or Google Play®, connect via Bluetooth to the Saeco coffee machine that uses Pro.Up, then manage your credits and the dispensing of your favourite beverage with just one tap directly from your device.

**Just a few taps
are needed:**

Download the app from App Store® or Google Play®

Connect via Bluetooth to the compatible Saeco machines

Manage your credits

Choose your beverage directly from your smartphone

Innovative, secure and easy to use.

Pro.Up is free and can be downloaded easily from App Store® or Google Play® or using the QR code on the label on the side of the Saeco coffee machines that use this innovative technology.
